I. BACKGROUND

Agriculture is a central component of Pakistan's economy, contributing 24% to the national GDP (Economic Survey 2023–24) and employing 37.4% of the labor force. Despite its significance, the sector's productivity remains constrained due to low adoption of modern technologies and inefficient farming practices. This limits its potential to contribute more effectively to national income, food security, and poverty reduction. In Punjab, agriculture is a key driver of the provincial economy; however, the sector faces challenges including stagnant yields, labor shortages, climate vulnerabilities, and limited mechanization. While tractor use is common, the adoption of advanced, high-tech machinery remains minimal, resulting in delayed operations, inefficient resource use, and substantial post-harvest losses. To address these gaps, the Government of Punjab aims to modernize the agriculture sector by promoting high-tech mechanization and strengthening farmers' access to efficient technologies. The initiative aligns with the Punjab Agriculture Policy, Vision 2025, the SDGs, and complements programs such as the CM Green Tractor Scheme and Precision Agriculture Projects. Effective mechanization requires an enabling environment that ensures farmers' access to reliable information, training, and technical skills for operating modern machinery. Engineering extension services, demonstrations, and capacity-building programs are essential to support the profitable and safe use of such technologies. To accelerate mechanization, the Government of Punjab, in partnership with the Bank of Punjab (BOP), has introduced an Interest-Free Financing Scheme for high-tech agricultural machinery. Under this scheme, farmers and registered service providers may obtain financing up to Rs. 50 million, with 20% equity contribution from the applicant and 80% financing provided by BOP. The Government of Punjab will bear 100% of the interest cost, ensuring complete interest-free financing and improved access to high-value machinery.

II. DESCRIPTION OF THE ASSIGNMENT:

- v. BOP shall provide loan to the eligible applicants across Punjab under the Scheme through its own funds. Under the Scheme, BOP is estimated to lend PKR 25,000 Million (Rupees Twenty-Five Thousand Million only) approximately for Secured Loans to the Eligible Borrowers depending upon KIBOR movement, default ratio, quality and volume of workable applications forwarded to BOP through the online portal.
